# BuildBase™

DOCS

BuildBase Docs is the single source of truth for all your critical construction documents. Avoid the confusion and errors associated with multiple versions of the same document with a simple, accurate, real-time solution that your staff and vendors can access from anywhere at anytime.

BuildBase Docs is the single source of truth for all your critical construction documents.

BuildBase Docs comes preloaded with a complete construction document library so it's ready to go out of the box. The universal naming conventions will be familiar to your team, so onboarding is a breeze. Security templates are included for assigning access roles to quickly add new vendors.

When combined with BuildBase Payments, you get a powerful solution that gives your partners all the information that they need, where they need it, when they need it.

Features
