

BuildBase™

BuildBase Office digitizes your entire administrative office. Remove the delays that result from double entry into your ERP by introducing real time integration to simplify complex processes and create tighter controls.

OFFICE

BuildBase Office digitizes your entire administrative office.

BuildBase removes the delays that result from double entry into your ERP by introducing real time integration to simplify complex processes and create tighter controls. BuildBase Office creates a strong foundation to support your growth now and in the future. Streamline your invoicing process by having your partners directly invoice into the free BuildBase vendor portal, no more double entry. Stay ahead of cost changes with bulk tools that make short work in an everchanging market. Make informed business decisions quickly with a real-time sales margin calculator backed by artificial intelligence.

When combined with BuildBase Construct and BuildBase Sales, you get a powerful solution that gives your operations team and decision makers the tools they need, where they need it, when they need it.
